

ToBee Terms And Conditions

Welcome to ToBee

Welcome to ToBee — a social network designed to support personal growth and make your time online more meaningful. Our platform is founded on the principles of inclusivity, respect, and quality content, with the mission of uniting learning and entertainment.

Our goal is to offer users opportunities for exploration and knowledge, guided by trusted experts across a wide range of topics, from history and philosophy to sports and nature. Anyone can actively participate in ToBee by becoming a content creator, provided they demonstrate expertise and effective communication skills.

To keep ToBee a safe and pleasant place for everyone, it is essential that every member respects these guidelines.

These guidelines exist to preserve ToBee's values and ensure a positive experience for the entire community. Compliance with them is mandatory, and every member is required to understand and respect them to contribute to the growth and well-being of the platform.

1. Respect and Community Conduct

The foundations of ToBee lie in respect, inclusivity, and meaningful interaction. Every member has the right to participate in constructive conversations and knowledge exchanges in an environment free from hostility, judgment, or discrimination.

■ Respectful Communication

Offensive, aggressive, threatening, or discriminatory language is not tolerated under any circumstances. This includes insults, defamation, vulgarity, hate speech, or any expression of hostility toward individuals or groups based on race, ethnicity, nationality, religion, gender, sexual orientation, gender identity, or disability.

■ Constructive Dialogue

Debates and discussions are encouraged provided they remain civil and focused on growth and learning. Users are free to express opinions and perspectives, but must do so respectfully, avoiding personal attacks or attempts to impose opinions aggressively.

■ Appropriate Conduct

All users are expected to behave appropriately in every interaction on the platform. Harassment, stalking, intimidation, or any form of disruptive behavior — including cyberbullying and trolling — are considered serious violations.

■ Consequences of Violations

In case of violation, the moderation team may intervene by removing harmful content, issuing warnings, or temporarily or permanently suspending accounts.

■ Valuing Diversity

ToBee values the richness of diverse perspectives and life experiences. Members are encouraged to contribute to a space where different ideas, knowledge, and opinions can coexist and enrich the community.

2. Content Quality and Information Integrity

ToBee is committed to being a platform where users find reliable, curated, and high-quality content. Both users and creators are required to meet the following standards.

- **Accuracy of Shared Content**

Publishing false, misleading, or deceptive material is strictly prohibited. Before publishing, members must verify that information comes from reliable and recognized sources. Intentional spreading of misinformation will be treated as a serious violation.

- **Creator Responsibility**

Creators chosen by ToBee serve as authoritative voices in their fields. They are required to ensure their content is accurate, relevant, and produced with integrity and honesty.

- **Clarity and Transparency**

Content must be presented clearly and comprehensibly, without exaggeration or sensationalism. Creators must also disclose any sponsorships, promotional intentions, or conflicts of interest.

- **Proper Source Attribution**

When using third-party works — such as research, statistics, images, or other media — sources must be cited. This strengthens credibility and respects copyright.

- **Misinformation Management**

The community plays an active role in reporting content suspected of being false or misleading. Users or creators who repeatedly spread misinformation may be subject to disciplinary measures.

- **Responsible Sharing**

Members are encouraged to share timely, useful, and relevant content. Outdated, irrelevant, or low-value information diminishes the learning experience.

- **Use of AI Chatbot Bumble**

AI Bumble suggests content based on user preferences. While based on creator content, its summaries may occasionally be incomplete or inaccurate. Users must independently verify information, particularly on complex or sensitive matters.

3. Content Originality and Copyright

ToBee promotes a community that values originality, respects intellectual property, and highlights the capabilities of its creators.

- **Creation of Original Content**

Members are encouraged to share reflections, ideas, and materials that derive from their own knowledge and creativity. Content published on ToBee must be original and cannot be copied from others without authorization.

- **Use of Third-Party Material**

When sharing others' works — articles, images, videos, statistics, or graphics — users must first obtain consent from the rights holder and provide clear and visible attribution.

- **Copyright Respect**

Plagiarism or unauthorized use of copyright-protected material is strictly prohibited. Any content that violates intellectual property rights will be removed.

- **Creative Commons Licenses**

When sharing works under Creative Commons or similar licenses, users must fully respect the specific license conditions, including proper attribution.

- **Multimedia Content**

Videos, images, graphics, and other media shared on ToBee must belong to the user or be used with explicit permission from the rights holder. Uploading media that violates copyright or third-party privacy rights is strictly prohibited.

4. Prohibition of Spam and Fraudulent Practices

ToBee is dedicated to maintaining a community focused on quality content, knowledge sharing, and personal growth.

- **No Spam**

Content designed to clog the platform or disrupt discussions is prohibited. This includes repetitive or irrelevant messages, posts created solely for promotion, and excessive advertising.

- **Honest Communication**

Users must interact truthfully and transparently. Deceptive practices that manipulate or confuse others are not permitted, including clickbait and use of fake profiles.

- **Prohibition of Algorithm Manipulation**

Attempts to artificially manipulate content visibility are strictly prohibited, including using bots to inflate views, likes, or comments.

- **Prohibition of Fraudulent Activity**

All users are required to comply with the law and act with integrity. Fraudulent behavior is prohibited in all forms, including scams, phishing, pyramid schemes, and deceptive multi-level marketing.

- **Consequences of Violations**

Violations of these rules will result in disciplinary action by the moderation team, which may include content removal, suspensions, and, in case of fraudulent or illegal activity, reporting to competent authorities.

5. Privacy and Personal Data

Respect for privacy and protection of personal information are fundamental principles of ToBee. The platform complies with applicable data protection laws, including the European Union's General Data Protection Regulation (GDPR).

- **Respect for Others' Privacy**

It is strictly prohibited to disclose personal details such as names, addresses, phone numbers, email, identity documents, or financial information without consent.

- **How ToBee Protects Data**

All personal data collected by the platform is treated confidentially and used exclusively to improve services and personalize the user experience. ToBee employs

robust technical and organizational measures — such as encryption, firewalls, and continuous monitoring — to prevent unauthorized access.

- **User Rights**

ToBee recognizes the rights of its members regarding their personal data. Users can request access, correction, or deletion of their information at any time, as well as limit or object to specific processing activities.

- **Prohibited Data Use**

No member may collect, process, or exploit personal data of others without authorization. This includes sending unsolicited mass messages (spam), selling, or distributing user data.

- **Cookies and Tracking**

ToBee uses cookies and similar tools to improve browsing experience. Users are informed of this upon first visit and can manage their preferences at any time.

6. Authenticity and Identity Verification

Authenticity is at the heart of ToBee's mission to build a transparent and trustworthy community.

- **Truthful Profiles**

At the time of account creation, users must provide accurate and truthful information. Fake accounts, impersonation of others, or presentation of misleading information are serious violations of community standards.

- **Creators and Real Identity**

Those who choose to contribute as creators are required to use their real identity and share information demonstrating their expertise in relevant fields.

- **Verification Process**

ToBee may require identity verification from creators, particularly in sensitive fields such as health, science, or finance. Verification may include providing documents to prove claimed qualifications.

- **Prohibited Impersonation**

Impersonating individuals, public figures, organizations, or brands without authorization is not permitted. Users who attempt to deceive the community risk suspension or permanent removal from the platform.

- **Account Responsibility**

Each account must be used exclusively by the registered user. Sharing login credentials or creating multiple accounts to manipulate visibility metrics is prohibited.

7. Moderation and Consequences of Violations

ToBee is committed to creating a safe, respectful, and growth-oriented environment. To this end, the platform relies on an impartial moderation system.

- **Role of the Moderation Team**

The moderation team monitors published content to ensure compliance with rules. Their work includes reviewing content reported by users, conducting random checks, and intervening directly in cases of inappropriate conduct.

- **Reporting Content or Behavior**

Community members are encouraged to report anything they find offensive, unsafe, or contrary to the guidelines. All reports are handled confidentially.

- **Review Process**

Once a report is submitted, the moderation team conducts a careful and impartial review, examining the content in its original context and comparing it against the guidelines.

- **Disciplinary Actions**

If a violation is confirmed, sanctions will be applied proportionally to the severity of the case. Possible actions include:

- Warning – For minor violations or first offenses.
- Content Removal – Posts or materials that violate the rules will be removed.
- Temporary Suspension – Accounts may be suspended in case of repeated or more serious violations.
- Permanent Ban – For the most serious violations, accounts may be permanently closed.

- **Right of Appeal**

Any user subject to disciplinary action has the right to appeal by submitting evidence or explanations. The moderation team will reconsider the case taking new information into account.

8. Child Protection and Sensitive Content

The safeguarding of minors is a fundamental priority for ToBee. The platform is committed to creating an environment where young users can navigate safely, while regulating the management of sensitive topics to protect the entire community.

- **Zero Tolerance for Child Sexual Abuse and Exploitation (CSAE)**

ToBee adopts a zero-tolerance policy toward child sexual abuse and exploitation (CSAE) in all forms. This policy applies to all users, creators, and any content, behavior, or communication on the platform, without exceptions.

- **Absolute Prohibition of Child Sexual Abuse Material (CSAM)**

The production, distribution, sharing, receipt, possession, or request of child sexual abuse material (CSAM) is absolutely and unconditionally prohibited on ToBee. CSAM includes any content — images, videos, text, AI-generated content, or any other form of media — that depicts, simulates, or promotes sexual abuse or exploitation of minors. There is no context — including artistic, educational, or research purposes — in which such material is permissible on the platform.

- **Prohibition of Grooming**

Any behavior aimed at grooming minors is strictly prohibited. Grooming means any deliberate action intended to establish a relationship of trust with a minor — or their caregiver — in order to manipulate, exploit, or sexually abuse them. Examples of grooming include, without limitation:

- Engaging in sexual conversations with minors.
- Requesting or sharing sexual images to/from minors.
- Attempting to move communications with minors to private or unmonitored platforms.

- Offering gifts, money, or privileges in exchange for sexual favors from minors.
- Strategizing to meet a minor physically for sexual purposes.

■ **Reporting to Authorities — NCMEC and Competent Law Enforcement**

Upon detection of content or behavior related to child sexual abuse and exploitation (CSAE), ToBee immediately and mandatorily reports such cases to the National Center for Missing & Exploited Children (NCMEC) through its CyberTipline, as well as to competent local, national, and international law enforcement. ToBee fully cooperates with authorities in investigations related to sexual crimes against minors and preserves all relevant evidence in accordance with applicable legal requirements. Users who report suspected CSAE in good faith will not be subject to any negative consequences.

■ **Immediate Account Closure for CSAE Violations**

Any account involved in the production, distribution, possession, or facilitation of CSAM, grooming, or any other form of CSAE will be subject to immediate and permanent closure, without notice and without possibility of appeal. ToBee reserves the right to adopt any further legal measures available, including cooperation with competent authorities to ensure that those responsible are prosecuted under applicable laws.

■ **Access and Restrictions for Minors**

Upon registration, users must declare their age. In compliance with applicable laws, certain features and types of content may be restricted to users under 18 years of age. This ensures younger users are protected from material that may be inappropriate or harmful.

■ **Sensitive Content**

Content addressing sensitive topics; such as violence, substance use, sexuality, or mental health; will be marked as **sensitive**; and accessible only to users who confirm they are adults. Minors will be automatically excluded from such content to ensure a safe and age-appropriate experience.

■ **Rules for Content Creation**

Creators must take into account the presence of minors when publishing on the platform. In particular:

Prohibited Material

Content that promotes, glorifies, or explicitly depicts violence, pornography, illegal drug use, self-harm, or any other activity inappropriate for minors is strictly prohibited. Such material will be removed immediately and may result in serious sanctions.

Content Warnings

When addressing topics that may be disturbing or unsuitable for all audiences, creators must provide clear warnings.

■ **Interaction with Minors**

All users must act with particular care when interacting with minors:

Respectful Conduct

Any form of harassment, manipulation, incitement to inappropriate behavior, or conduct that may harm the well-being of a minor is treated as a serious violation.

Privacy Protection

Collecting, publishing, or sharing personal information of a minor without explicit consent from a parent or guardian is strictly prohibited.

- **Reporting of Harmful Content**

The community is strongly encouraged to report any behavior or content that may endanger minors. Such reports will be prioritized by the moderation team, which may remove harmful content and impose sanctions on responsible users.

- **Regulatory Compliance**

ToBee adheres to international and local regulations on child online protection, including the Children's Online Privacy Protection Act (COPPA) and other applicable laws. The platform also follows global best practices for child safety and cooperates with authorities in case of suspected abuse.

- **Educational and Support Content**

The platform encourages the creation of educational resources aimed at minors, provided they are appropriate, constructive, and oriented toward personal growth. Content that promotes respect, digital safety, and emotional awareness is particularly valued.

- **Resources and Support**

ToBee provides tools and guidance to help minors and their parents use the platform responsibly. These include safety guides, privacy information, and clear instructions on how to report inappropriate behavior or content.

9. User Responsibility

The ToBee community is founded on the belief that every member has both the right and the responsibility to contribute respectfully and constructively.

- **Knowledge of Guidelines**

All members must read and understand these guidelines before using the platform. Not knowing the rules does not justify violations.

- **Responsible Behavior**

Users are required to act ethically and respectfully at all times, avoiding offensive, discriminatory, or hateful language and sharing accurate and verified information.

- **Account Management**

Every member is responsible for the security of their account. Login credentials must remain confidential and cannot be shared with others.

- **Responsible Content Sharing**

When creating or sharing content, members must ensure it is relevant, useful, and high-quality. External materials must always be properly cited, respecting copyright.

- **Interactions with Others**

Dialogue and collaboration are central to ToBee. Members must respond respectfully even in case of disagreement and must not engage in harassment, bullying, trolling, or intimidation.

- **Reporting of Violations**

All users share the responsibility of maintaining a safe environment by reporting harmful or inappropriate behavior or content.

- **Acceptance of Consequences**

By participating in ToBee, users accept that violations of these guidelines may result in disciplinary measures, ranging from content removal to temporary or permanent account suspension.

- **Continuous Learning**

ToBee promotes a culture of continuous education and shared responsibility. Users are encouraged to stay informed about best practices online, privacy protection, and quality content creation.

Digital Millennium Copyright Act (DMCA) Notice and Takedown Policy

ToBee respects the intellectual property rights of others and expects its users to do the same. In accordance with the Digital Millennium Copyright Act of 1998 (17 U.S.C. § 512), ToBee will respond expeditiously to claims of copyright infringement committed using the ToBee service that are reported to ToBee's Designated Copyright Agent identified below.

Designated Copyright Agent

If you are a copyright owner, or authorized to act on behalf of one, and you believe that your copyrighted work has been copied in a way that constitutes copyright infringement, please submit your claim via email to our Designated Copyright Agent:

Name: Leonardo Migliorelli

Address: Contrada valle 3, Macerata MC, Italy

Email: leo@miglio.dev

Phone: 3791802024

Registered with the U.S. Copyright Office DMCA Designated Agent Directory (searchable at <https://dmca.copyright.gov/> by service provider name "ToBee").

Filing a DMCA Notice of Alleged Infringement

To be effective under the DMCA, your notification must be a written communication that includes substantially the following (17 U.S.C. § 512(c)(3)):

1. A physical or electronic signature of a person authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.
2. Identification of the copyrighted work claimed to have been infringed, or, if multiple copyrighted works at a single online site are covered by a single notification, a representative list of such works.
3. Identification of the material that is claimed to be infringing or to be the subject of infringing activity and that is to be removed or access to which is to be disabled, and information reasonably sufficient to permit us to locate the material (e.g., URL or in-app reference).
4. Information reasonably sufficient to permit us to contact you, such as an address, telephone number, and an email address.
5. A statement that you have a good faith belief that use of the material in the manner complained of is not authorized by the copyright owner, its agent, or the law.

6. A statement that the information in the notification is accurate, and under penalty of perjury, that you are authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.

Notices that do not substantially comply with all six requirements may not receive a response. Knowingly making false claims in a DMCA notice may subject you to liability for damages under 17 U.S.C. § 512(f).

Counter-Notification

If you believe that your content was removed (or access to it was disabled) by mistake or misidentification, you may file a counter-notification with our Designated Copyright Agent. The counter-notification must include:

1. Your physical or electronic signature.
2. Identification of the material that has been removed and the location at which it appeared before removal.
3. A statement, under penalty of perjury, that you have a good faith belief that the material was removed or disabled as a result of mistake or misidentification.
4. Your name, address, and telephone number, and a statement that you consent to the jurisdiction of the courts of the judicial district in which your address is located, or, if your address is outside the United States, of any judicial district in which ToBee may be found, and that you will accept service of process from the person who provided the original DMCA notification or an agent of such person.

Upon receipt of a valid counter-notification, ToBee will forward it to the original complainant. If the complainant does not file a court action seeking a restraining order against you within 10 business days, ToBee may restore the removed material.

Repeat Infringer Policy

ToBee maintains a policy of terminating, in appropriate circumstances, the accounts of users who are repeat infringers. ToBee may also, at its sole discretion, limit access to ToBee and/or terminate the accounts of any users who infringe any intellectual property rights of others, whether or not there is any repeat infringement.

Final Note

The ToBee Community Guidelines are more than just rules, they are the foundation of a respectful, enriching, and stimulating digital space. By following them, every user contributes to protecting the values that make ToBee unique: inclusivity, authenticity, knowledge sharing, and growth.

Together, we can build a community where ideas are exchanged openly, creativity is celebrated, and learning becomes a shared journey. Your voice matters, your contributions matter, and your respect for others ensures that ToBee remains a place where everyone can thrive.

Thank you for being part of ToBee and for helping us create a platform that truly unites connection, knowledge, and personal development.
